2. Under LSC Operations, each Committee Chair has a page. We **need** to get the appropriate information posted to those pages. **Please** check your page/section and let me know what you want done.

3. Since the last meeting, I've been in the update/maintenance mode. But, it's getting more difficult for me to keep up in as timely a manner as I'd like. I started a new job in January. It's 3 hours a day on the road to get back and forth and I can't use my computer at work. I try to get out at lunch and make quick updates. Important, time-sensitive posts get done; some of the nice to do stuff will take a little longer.

4. I still have a list of enhancements I want to do to the site (updating the look and feel a bit, strengthening the design, and adding some content). I don't see time being available to do them anytime soon.

5. Attached is the current Club Webmaster Roster (still waiting for updates – I'll have one for the next meeting).

Respectively submitted,

Michael Downs
