

Camps Coordinator Report 3/4/05  
Submitted by Peter Maloney

### **Camps**

I have spoken with the PWSC Head coach about running a level #2 Camp for swimmers between the ages of 13-16 (BB to AA-). This age group drops out of swimming most often. The camp will host 50 Swimmers we are looking for a date to get this done. As soon as the Championship season has quieted down I will approach all the coaches about setting up Regional camps in their Area.

I would like Chester to speak with Mike Hodges to set up an Outreach Camp in Richmond. Mike said that he could get the pool anytime he needs it.

I am a member of the Outreach task formed by the President of USA Swimming, so far we have had one phone conference and it was only to introduce ourselves to each other and talk about what we are currently doing.
