

Diversity Coordinator Report – September 2008

As a member of the National Diversity Committee, I have been assigned to six LSC's, as their liaison to the National Diversity Committee. This was done to see what the role of the Diversity Liaison is to the LSC's, and to help them in making their Diversity Committee work for them. Judging from the answers that I have gotten, we are way ahead with running camps and April Pools Day for the Minority and Disadvantaged kids in our LSC, than most others.

We completed one Diversity camp at Norfolk State University and have another camp in the planning stage to be held at Hampton University.

I would like to invite any of our group attending convention to attend the Diversity Workshop on Thursday.

Peter Maloney
