1) In the fall, a suggestion was made to move the Banquet to the spring. At that point in the year, I was unable to secure the Koger Center for a suitable date in April or May so arrangements were made for the 2012 Banquet to be held on Sunday, Sept. 30. It was decided that we would discuss the possibility of moving the 2013 Banquet to the spring at a subsequent face to face Board meeting so that the pros and cons of each time could be weighed.
   Action Item: Should the date of the Banquet be moved to the end of April / first of May?

2) The current statement in meet announcements is not clear: "Open to all Virginia Swimming athletes registered **by** the first day of the meet."
   Clarification Needed: Does this mean that a registration received on the first day of the meet is acceptable or that it must be received before the first day of the meet?
