

Safe Sport Report to the Board

6/19/2014

The following information details Virginia Swimming club completions of the USA Swimming Parents and Athlete Protection on-line courses for the period 3/1/14-5/31/14. Eight fewer clubs participated in the parents' online course than for the period 12/13-2/14 time period.

In addition, although it is now possible for clubs to give the Athlete's course to groups of swimmers, no club has apparently taken advantage of that. All of the information is on the USA Swimming web site and this has been communicated to the club Safe Sport Coordinators. Besides the on-line courses, there are mandatory Safe Sport anti-bullying, electronic/social media and travel policies that must be reviewed to and agreed to on an annual basis. (Article 305, 2013 USA Swimming Rule Book) All of this information has been communicated to clubs, but there is no practical way to ensure that they have complied. Please note that TIDE has reached the 25% level for the Parent's Course and is entitled to receive a rebate of their registration fee to VSI.
